TO: Prof. Jose Ma. de Castro, Subcommittee Chairman Prof. Fortunato dela Peña Dr. Higino Ables, UP Los Baños Prof. Ernesto Santos

SUBJECT: Creation of a Subcommittee to Streamline the Administration of the UPCAT

Please constitute yourselves into a subcommittee of the UPCAS Review Committee (Administrative Order No. 1, dated 2 January 1989). The specific task of this Subcommittee shall be to study the present methods of administering the UPCAT in order to make it more efficient with a view toward reducing the number of manpower and budget required and being able to release the UPCAT results much faster than they are being released now.

At present, the UPCAT project has an annual budget of about P3.0M involving the full-time involvement of at least 50 people. Of these 50, 25 have just been classified as contractual U.P. personnel funded from the UPCAT Trust Fund. The other 25 are still classified as project personnel funded from UPCAT funds in the U.P. Foundation, but it is likely that they too will be recommended for inclusion as contractual U.P. employees. The absorption of 50 personnel into the University runs counter to a long-time policy of reducing our non-faculty complement. It is to be noted that at present, the Diliman Registrar's Office already has 60 full-time people, apart from those 50 in the UPCAT project.

At present, the UPCAT is administered in October but the results are not released until the first week of April. The Board of Regents wishes that the period be shortened so that results can be released much earlier.

Do coordinate your work with the UPCAS Review Committee but your specific emphasis will be on making UPCAT procedures more efficient. Please complete your study by end of February or a little later. It is understood that in finalizing your recommendations, you shall be consulting not only the Registrar's Office but also the UPCAS Review Committee.

### **Cover story**

This is the theme of the 1988 Community Christmas Festival which began on Dec. 16 with various activities, culminating in the traditional Christmas Lantern Parade.

The Lantern Parade is an annual event held in the University. It began in 1922 as an adaptation of a Filipino custom during the Spanish time of using lanterns of different shapes and sizes to light the way of the church-goers attending the early-morning mass.

The University President also gives his traditional Christmas Message during this time. "Tradition," he said, "are the repetition of ceremonies and rituals which appear unchanged through the years. Actually, it only the form that is the same. The content changes and that content reflects the evolving values and attitudes of society."

According to Pres. Abueva, the lantern parade has changed from "a simple and happy affair celebrating the end of classes and the advent of a holiday season of grace to a full blown expression of protest against a dictator."

This year's lantern parade "expresses our people's almost desperate yearning for peace same as last year when it seemed possible under the spirit of reconciliation," he said. Pres. Abueva also called upon the UP Faculty, students and administrative personnel "to rally for a cease-fire and for peace talks leading to a just, honorable and enduring neace " U.P.
